

Wassink Marine Services

LINE CARD

Consultancy Services in the field of valves and valve systems, replacement and upgrading advise.
Environmental friendly treatment of cooling, boiler and potable water systems (see below)

Gate Valves

Globe Valves

- * Stop , SDSL
- * Stop check, SDNR
- * Straight and Angle

Valve Chests/ Manifolds

Butterfly Valves

- * Wafer style
- * Lugged and tapped
- * Double flanged
- * High Performance

Check Valves

- * Wafer
- * Flanged
- * Duo check

Storm Valves

- * Horizontal
- * Vertical
- * Angle
- * Optional Manual geared

Remote Control Systems

- * Electrical
- * Hydraulic
- * Emergency Bilge Systems
- * Ballast and fuel systems

Deck Drains/Scuppers

- * With and w/o Baffle
- * Socket and Butt weld ends

Air Pipe Vent Check valves

Seawater resistant aluminum
WINTEB

Mudboxes

- * Straight and Angle
- * Rose Boxes

Strainers

- * Simplex
- * Duplex

Tank Level Gauges

- * Threaded
- * Flanged
- * Metal encased
- * Isolation valves

Fire/Hose Valves

- * Straight
- * Angle and Angle 30 Degr.
- * Hose couplings

Quick Closing Valves

- for fuel shut-off
- * Straight-Angle
- * Manual/Pneumatic/Hydraulic
- * Ductile / Cast steel/Bronze

Flange Gaskets

- * Isolation Gaskets
- * Isolation Kits
- * Sealing Gaskets

Ball Valves

- * BSP/NPT
- * Flanged
- * Fire Safe
- * API approved

Teekay Pipe Couplings

Axiflex- Axilock-Axilock FP, Stepped couplings and more.

Available Materials

Cast Iron
Ductile Cast Iron
Cast steel
Bronze
Stainless steel

Standards

- * ANSI 150, ANSI 300
- * DIN PN6, PN10, PN16
PN25 , PN40
- * NPT/BSP/BSPP

Certificates

- * Material certs (MTR)
- * Type approvals
- * Class certificates

Marine Approved Systems and Equipment

- * Sewage Treatment systems, Greasetraps
- * Box Coolers- Plate Coolers- Shell & Tube coolers made by **NRF**.
- * **WINTEB** , Seawater resistant Aluminum Vent Heads, the world's smallest, lightest and highest Airflow Vent heads (HIAS)
- * Engineered valves incl. Check valves
- * IWTM- AS Norway- IWTNA LLC
- Elysator**- Non-Chemical water treatment for boilers and FW coolingsystems & HVAC
- Chloromar** (Sodium Hypochlorite Generator); ECO friendly , ZERO Discharge, protects SW piping system from Marine fouling. Injected into the Sea Chests , for SW cooling and Boxcooler application.
- Boiler Water Measurement** system: Continious automatic analysis of Boiler water quality.
- Smart Vacuum Degasser** ; removes air particles from cooling water, preventing engine damage.
- OxylPro Cleaner**; ECO friendly cleaning and maintaining of piping systems, removing biofilm, sludge and sediment.
- Hydrosense**; fast and reliable testing for presence of Legionella in potable water systems, HVAC systems etc
- * **YARA** : Exhaust Gas Scrubbers, Super-Duplex Butterfly valves and special Alloy valves
